

## ***V-Gauge* Ordering and Shipping Instructions**

- 1). Go to our website and purchase and complete the checkout for one of the upgrades kits (single or dual gauge upgrade) and any additional purchase of the **V-NoFog** gauge LED lights for your small gauges to match your new background Speedo/Tach color (Only if you have a FLH Touring with the 4 small gauges). Once the checkout is complete, printout your order receipt and mark on it exactly the colors you want for the Speedo & Tach background, needle pointer and LCD mileage display (if so equipped).
- 2). Send it **USPS Priority Post ONLY** with tracking number and send us the tracking information to [sales@parts4powertoys.com](mailto:sales@parts4powertoys.com). Make sure it is well packed to prevent damage. The shipping address is at the end of this message.
- 3). Insure the package for \$ 300.00 but **ONLY** declare a customs value of \$ 10.00. **DO NOT** declare it as \$300.00 (\$ 150.00 for a single gauge). The \$ 300.00 is in-case of damage or loss. Otherwise we will charge you back any additional customs charges. Mark the item description as "***Defective item returned for repair***"
- 4). Please include the printout from step one and any additional special instructions including the work required. Please include your contact information, phone number and email address also..
- 5). Once we receive the item, we will complete the work within 7-14 days.
- 6). Once completed, we will send you the tracking information when the item has been shipped back.
- 7). Once you receive it, install and enjoy. Feel free to register on our forum page and post any pictures with your new gauges installed.
